

Presentation On Pocket E-mitra

Android Application

AND

Web Portal

About:-

Theme - E-mitra

Vision :- our vision is to create an android application to combine all the government facilities and services on single interface. Our idea is to provide both audios and videos facilities in a single application so common man can easily get to know about the existing government services (E-mitra) we are also including a unique complain box , in which user can complain about the garbages around their locality and also complain about the requirement of the dustbins in their area.

Mission :- our mission is to provide following facilities through our application

- * Common Facilities

- (a) PAN card
- (b) Driving License
- (c) Swachh Bharat Abhiyan (Govt. scheme for Building Toilets in every house)
- (d) LPG Status
- (e) Bhamashah Card Enrollment
- (f) Aadhar Enrollment

- * Kissan and Majdoor Sevaye

- (a) Shramik card
- (b) Farmer Seeds Policy
- (c) Labour Diary
- (d) Loan Facility through Bhamashah Card

Implementation :-

"our application provide services to complain Anonymously, it will provide notification after completion of complain, it also has photo uploading feature so that user can upload the actual situation photo " .

FrameWork :- Android studio , Google-Firebase , MySql , YouTube-API .
